

Scanning Electron Microscopy

Presented By
Eastern Virginia Chapter

At Jefferson Lab - Newport News May 18 – 20, 2010

The seminar for this season is an official course normally offered by ASM International at their headquarters in Metals Park, Ohio. We have made arrangements to offer the course in our area.

- Our registration is up to \$1300 less than the normal fee, plus you save the time and expense of traveling to Ohio.
- The course is taught by the same instructor who teaches it at ASM headquarters, Dr. Edward Brothers of IMR Test Labs, Lansing, NY.
- 2.0 CEU credits are awarded upon successful completion.
- Discounted rate to members of Eastern Virginia Chapter of ASM or Richmond Joint Engineers Council (www.rjec.org) or the Peninsula Engineers Council (www.va-pec.org)

For registration or more information, see the website:
