

Six Sigma Green Belt Certification Preparation Class

ASQ Section 1104 will sponsor a Six Sigma Green Belt Training Class. The Class will focus on the ASQ Green Belt Body of Knowledge using materials from the Quality Council of Indiana CSSGB Primer and other sources to allow students to prepare for taking the ASQ Green Belt Certification Exam.

- This certification review class will consist of 11 weekly sessions beginning February 28th and continuing on Monday nights from 5:30 pm till 8:30 pm at St Bartholomew's Episcopal Church, 10627 Patterson Rd in Richmond's West End. This timing will allow interested participants to sit for the ASQ Green Belt Certification Exam currently scheduled for June 4th. Students will also receive 3.3 RU's for recertification.
- The cost for the 11 sessions is \$300.00 for ASQ members and \$350.00 for non members*. This price is significantly lower than other comparable offerings. Enrollment will be limited to the first 20 paid applicants.
- Students will also be expected to purchase the *CSSGB Primer* from the Quality Council of Indiana for \$65.00/copy. <http://www.qualitycouncil.com> or 1-800-660-4215. A calculator is also recommended (such as the TI-30X IIS)
- Because of the volume and complexity of the material that will be covered, students will be expected to review materials and work problems prior to each class

Note: Completion of this review preparation class does not guarantee that the student will pass the ASQ Certification Exam.
No refunds will be given once the class has started.

To register send an email to brad.reynolds@verizon.net with your name, address, email, and phone. Then make out a check for \$300 or \$350* to ASQ Section 1104 and mail it to:
